**Item #2 – INFORMATION**

**REGIONAL PLAN UPDATE  
Recommendation Summary  
October 20, 2017**

**BACKGROUND:**

The Workforce Innovation and Opportunity Act Section 106 requires local boards and chief elected officials within each designated region to prepare and submit a single Regional Plan (OCRPs) that includes a description of the activities that incorporates a Local Plan. On February 24, 2016, the Employment Development Department of the State of California issued a directive designating Orange County as a single economic sub-region and regional planning unit. Each Regional Planning Unit (RPU) is required to develop a Regional Plan.

The Orange County Development Board approved the OCRPs on February 22, 2017. The OCRPs were submitted to the State Board by March 15, 2017. The Santa Ana City Council approved the OCRPs on April 4, 2017. The Anaheim City Council approved the plan on May 9, 2017. The Orange County Board of Supervisors approved the OCRPs on May 23, 2017. The State Board conditionally approved the OCRPs on June 15, 2017. No deficiencies were noted for the OCRPs by the State Board by July 1, 2017. Final full approval of the OCRPs was received on September 1, 2017.

The OCRPs identify regional coordination and alignment strategies to increase collaboration and alignment between the Anaheim and Santa Ana Workforce Development Boards and the Orange County Development Board. On October 12, 2017, the Directors of the three local workforce development boards met with the Regional Organizer to discuss the implementation of the OCRPs.

The discussion focused on the engagement of partners and employers in the four industry sectors identified in the OCRPs and constructing strategies to develop regional training, education and workforce architecture that aligns with the Orange County labor market and California State Plan policy objectives.

**BACKGROUND**

The Orange County Social Services Agency (SSA) administers several different Welfare-to-Work Employment Programs. These Welfare-to-Work Activities mandate that CalWORKs recipients meet established work requirements with an end goal of unsubsidized employment. The clients served in these programs frequently have multiple barriers, which must be addressed if they are to have successful outcomes. The program is referral based.

In the EPP program, the participant gains exposure to the working world and its requirements through a planned, structured learning experience in a public, non-profit or private organization that occurs over a six-month period. During this time, 100% of the wage is paid directly to the participant.
